Hi Bill.

Thank you for keeping me up to speed on this. I have stayed close to my staff throughout this process and appreciate your thoughtful engagement.

Project review will continue, particularly around the issue of coral reef protection.

Hope to see you again, soon.

Sincerely,
Pete

Hi Pete. It was nice to see you the other day. I wanted to let you know that we intend to sign and send the NSR applicability determination letter to Limetree Bay today. Your staff has been involved in preparing the letter and I believe they concur with it. I do not expect this to make a splash, and we do not plan to trumpet it. I told the Administrator that, if the project actually gets implemented, EPA should be able to take some credit at that point.

Please feel free to contact me if you have questions or need anything. Thanks.
